# Indianapolis Power & Light Eagle Valley Generating Station CCR Ash Surface Impoundment System Closure and Post-closure Plan Office of Land Quality

(317) 233-0449 • (800) 451-4527

[www.idem.IN.gov](http://www.idem.IN.gov)

100 N. Senate Ave., Indianapolis, IN 46204

#### **Background:**

Indianapolis Power and Light (IPL) is an electric utility that operates the Eagle Valley Generating Station at 4040 Blue Bluff Road, Martinsville, in Morgan County, Indiana. The facility submitted a closure and post-closure plan on August 1, 2016. The plan proposes to close their Coal Combustion Residual (CCR) ash surface impoundment system in-place using a trough design closure. The plan is available for review by the public on IDEM's Virtual File Cabinet and at the Morgan County Public Library, 110 South Jefferson Street, Martinsville. IDEM will accept public comments on the plan through December 6, 2016.

#### **IDEM's Role:**

- IDEM is responsible for protecting human health and the environment while providing for safe industrial, agricultural, commercial, and governmental operations vital to a prosperous economy. In addition to issuing approvals and permits that comply with federal and state environmental regulations designed to protect public health and our environment, IDEM is also responsible for overseeing regulated activities and monitoring compliance at regulated facilities.
- IDEM's technical staff, consisting of geologists and engineers, will review the plan to ensure the surface impoundments are closed in a manner that is protective of human health and the environment.
- IDEM will accept public comment on the plan through December 6, 2016.
- IDEM will ensure all submitted materials related to the plan are publicly available through IDEM's Virtual File Cabinet (VFC).

#### **Citizen's Role:**

- To access information related to the plan through IDEM's VFC, go to <http://vfc.idem.in.gov/>, which is VFC's "Document Search" page.
- IPL Eagle Valley Generating Station Ash Pond System Closure and Post-Closure Plan, dated July 28, 2016, and submitted to IDEM on August 1, 2016, has been assigned VFC #80330362. It can be accessed on the VFC by typing **80330362** into the **Search by Document #** field in the upper right-hand corner of the "Document Search" page and clicking **Go**.
- To locate additional correspondence related to the plan, please use the following steps:
  - Click on the **Alternate Fields** dropdown menu.
  - Select **Solid Waste (SW) Program ID**.
  - Enter the Solid Waste Program ID, **55-UP-03**, in this field.
  - Click the **Search** button, which produces one or more links to the documents for this facility.
  - Click on the **Page x out of y** dropdown menu to view additional pages with document links.

- A copy of the IPL Eagle Valley Generating Station Ash Pond System Closure and Post-Closure Plan is also available for review at the Morgan County Public Library, 110 South Jefferson Street, Martinsville.
- The plan will be open for public comment through December 6, 2016. For those wishing to comment on the plan, please direct all comments to the Solid Waste Permit Manager assigned to this facility:

**John Hale, Permit Manager  
Indiana Department of Environmental Management  
Solid Waste Permits  
IGCN 1101  
100 North Senate Avenue  
Indianapolis, IN 46204-2251**

Alternatively, comments may be e-mailed to [jhale@idem.IN.gov](mailto:jhale@idem.IN.gov).

**Additional Information:**

If you have questions regarding other aspects of the closure and post-closure plan or process, contact John Hale, the Solid Waste Permit Manager assigned to the facility, by dialing (317) 232-8871 or by e-mail at [jhale@idem.in.gov](mailto:jhale@idem.in.gov).
